

Adding Jira Tasks:

The screenshot displays the Jira Software interface for the 'HelpMate' project. The top navigation bar includes 'Jira Software', 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'Apps', and a 'Create' button. A search bar is located on the right. The left sidebar shows the project structure with 'Backlog' selected under the 'PLANNING' section. The main area shows the 'Backlog' for 'HelpMate' with a search bar and filters. The backlog items are listed under 'HEL Sprint 2' (25 Sep – 9 Oct, 4 of 14 issues visible). The items are:

- HEL-6: Create sample projects with NodeJS and Docker (IN PROGRESS, assigned to AK)
- HEL-45: Research NodeJS (DONE, assigned to AK)
- HEL-5: Practice prototyping in Figma (DONE, assigned to AK)
- HEL-3: Research Docker (DONE, assigned to AK)

Each item has a checkbox, a status label, and an assignee icon. A '+ Create issue' button is at the bottom.
